Road Running

Road Running - Calculation Methodology: Divisions & Club Points

Division allocation calculations

1. Number of licenses bought from AGN
2. Min of 35 licenses is used if less than 35 was bought
3. Divisions split
 - 1500 – 301 Division 1
 - 300 – 100 Division 2
 - 99 – 36 Division 3
 - 35 – 1 Division 4

Club points calculations

1. Handicap points allocation system used
2. Points allocation
 - Number of points earned X 200 divided into Club licenses bought

Compiling the data

1. Electronic timing new to club members – The pre registration process
 - Club members don't complete all their info for example club name, age & province
 - Chairpersons to continuously remind members to ensure they capture their personal information & correctly
2. Race was well presented and time keeping with the results very well done.
 - ✓ Compliments to the race organizers and time keepers
